TO INGREASE NAVY.

General Board Recommends the Building of More Warships.

The Secretary of the Navy Will Urge Congress to Authorize Their Construction at the Next Ses sion of the Congress.

Washington, Nov. 10 .- Three battleships, five scout cruisers, six torpedo boat destroyers, six torpedo boats and two squadron colliers, at an aggregate maximum cost of \$41,300,000, is the building program which the general board of the navy has recommended the secretary of the navy to urge congress to authorize at its next session. Secreary Morton will refer the recommendations to the board on construction for comment and indorsement, and will base his recommendation to congress on the reports of the two boards. The general board's recommendation are signed by Adm. Dewey, president of the board. Homogenity is urged by the board as the great need of them. Partly for this reason and partly because a general commendation at home and abroad for the latest type of American battleship the board suggests that the new battleship shall be of the general type of the Connecticut

This would give the navy mine firstclass battleships of 16,000 tons displacement each. The board estimates that the complete cost of each of the new battleships when ready for sea will not exceed \$8,000,000, making a total of \$24,000,000 recommended for new battleships.

Great speed is urged as the feature of the five scout cruisers recommended. Two million dollars is the estimated limit of cost of each of these

In character they will follow the general lines of the Chester, Birmingham and Salem authorized by the last congress, which have a displacement of 4,000 tons.

The board thinks that the six torpedo boat destroyers and six torpedo boats recommended should have greater size and seaworthiness than previously built vessels of the class. The board desires that the new destroyers shall be so constructed that they can make long cruises with the. battleships without need of repairs and can travel with ease on a rough sea, even if this necessitated a reduction of speed.

The new colliers asked for probably will have a displacement of 12,500 tons and a speed of about 16 knots, which would enable them to keep up with the battleship squadron at cruis-

It is believed that the recommendations of the general board in the main will receive the indorsement of the Board on construction, and finally the secretary himself.

THE BESIEGED.

Their Condition Is Reported As Being Terrible.

London, Nov. 10 .- Special dispatches from Port Arthur and Chefoo, which are printed in Thursday morning newspapers add little to the recent news of the besieging operations at Port Arthur, but give terrible descriptions of the conditions of the be-

The Daily Mail's correspondent before Port Arthur describe the Russian killed and those taken prisoners as greatly emaciated, and asserts that the men subsist entirely on a daily ration of less than two pounds of black

The Daily Telegraph's Chefoo correspondent declares that the task of burying the bodies of the slain at Port Arthur is now beyond control, and that the corpses are simply pitched into the new dock excavations near Golden Hill, and where there is only a few feet of water.

The condition of the helpless women is heartrending. Several groups of them going to market have been blown to pieces. The street scenes there are said to be sickening.

Bennett Burleigh also sends to the Daily Telegraph a harrowing picture of the condition of the wounded in Port Arthur, of whom vast numbers are lying unattended within the inner forts. In the name of common humanity, he thinks, some effort should be made in behalf of the helpless sufferers; and he suggests that as soon as possible they should be taken upon neutral ships flying the Red Cross, and transferred to hospitals at Chefoo and Shanghai.

Boy Lacerated By a Dog.

Lexington, Ky., Nov. 9.-While attempting to take a bone from a vicious bulldog, belonging to W. B. Nickells, Hammond Oldham, six-yearold son of C. K. Oldham, was severely bitten about the face and body and is not expected to live. The little fellow was bitten eight times in the face, and his upper lip was so badly lacerated it will have to be taken off.

THE ELECTI

Roosevelt and Fairbanks the Choice of the People.

New York State Gives a Big Majority for the Republican Ticket.

Ohio Plurality for Ticket Is Estimated As Highest Ever Known.

Indiana Goes Republican by a Plurality Ranging Between 50,000 and 75,000.

On the Face of the Unofficial Returns Maryland is R publican on the National Ticket by a Small Majority.

The Socialist Ticket Made Astonishing Gains in Many Places, Particularly in Chicago and Milwaukee-The Result in Indiana.

Esopus, N. Y., Nov. 9.—Judge Parker concedes the election of President Roosevelt at 8:30 p. m., when he received a bulletin that the democratic national head-quarters had already admitted that every doubtful state had been carried by the republican national ticket. He appeared to be not at all downcast by the result, although it is known that he greatly deplored his overwheiming defeat in his own state. He received the discouraging mews in his study, where he sat smoking with two of his neighbors. The bulletin from democratic headquarters concerning Judge Parker's defeat was given to the judge by a press representative. When judge by a press representative. When asked if he had any statement to make, he pulled a telegraph blank toward him and wrote hastily for a moment. Then he said:

"I am going to send this telegram to

"I am going to send this telegram to President Roosevelt:"

"Rosemont, Esopus, N. Y., Nov. 8.—The President, Washington: The people by their votes have emphatically approved your administration. Alton B. Parker." Washington, Nov. 9.—President Roose-velt's reply to Judge Parker's telegram was as follows:

"Alten B. Parker, Rosemont, N. Y.: I thank you for your congratulations. Theodore Roosevelt."

Washington, Nov. 10.—Chairman Cowherd, of the democratic congressional campaign committee, at 11 o'clock, said: "We concede that the republican Roosevelt landslide has carried the house of representatives for the republicans by a majority at least as large as that by which they now hold control."

which they now hold control."

New York, Nov. 10.—With the election returns still incomplete, the plurality of President Roosevelt in the nation, according to all indications, will exceed 1,500,-000, the greatest plurality ever given an American candidate. The nearest approach to this vote was in 1896, when Mc-Kinley received a plurality of approximately \$50,000, and in 1872, when Grant received 762,991 plurality.

The interest centers in Missouri and Maryland. Late returns indicate that the former state is in the republican column so far as presidential electors are concerned, but that Joseph W. Folk, the democratic candidate, has been elected governor. In Maryland, the presidential vote will probably be cast for President Roosevelt. Late returns indicate that Thomas A. Smith, dem., has been elected to congress in the First district by 450 plurality.

Congressman Jackson, of this district,

to congress in the First district by 450 plurality.

Congressman Jackson, of this district, Wednesday night, however, puts forward a claim of trick ballots and fraud and says he will contest the election.

In the other states it is simply a question of pluralities.

The "solid south" was broken by the probable defection of Missouri—this section of the country usually having 13 state in the democratic column. The figures Wednesday night showed but 12 states with 133 votes for Judge Parker.

President Roosevelt carried all the morthern states—swept them, in fact—and Wednesday night he had 343 electoral votes.

New York, Nov. 10.—Erom the returns received late Wednesday night the electoral vote stands as follows:

FOR ROOSEVELT Rhode Island ...
California 10 South Dakota ...
Connecticut 7 Vermont ...
Delaware 3 Utah ...
Colorado ... 5 Washington ... California 10
Connecticut 7
Delaware 3
Colorado 5
Idaho 3
Illinois 27
Andiana 15 Wisconsin Wyoming West Virginia ... ndiana Total 343 Maine Massachusetts FOR PARKER. Alabama Arkansas Florida aryland Missouri

3 Florida
14 Georgia
11 Kentucky
3 Louisiana
8 Mississippi
4 North Carolina
39 South Carolina
12 Tennessee
4 Texas
23 Virginia Minnesota Nevada Nebraska New Hampshire. New York North Dakota Oregon Pennsylvania 34 Total 133

Washington, Nov. 9.—President Roosevelt is assured of the co-operation of a republican congress. The present republican majority in that body is 34, and there need be no surprise if this figure is almost doubled, and it is reasonably certain to reach a majority of at least 50. In practically all districts the republicans have held their own, while in some significant instances the democrats have lost. Probably the most marked of those cases are the Fourth and Fifth districts of California (San Francisco) now represented by Representatives Liverhash and Wynne, democrats, which reports indicate have been gained by the republicans. In the Twelfth Ohio district Taylor, rep., is reported to have defeated Badger, the sitting democratic member, who was a Washington, Nov. 9 .- President Roosesitting democratic member, who was a candidate for re-election.

Columbus, O., Nov, 10.—Almost complete unofficial returns Wednesday night indicate that the republican plurality in Ohio is between 210,000 and 215,000, or over three times the plurality this state ever gave any national ficket. About a dozen counties have been carried by the republicans for the first time, which means radical changes in county and other local offices. The aggregate plurality of the 18 counties carried by the democratis only 10,738, or less than the republican plurality in either of a half dozen counties, one-half that of Cuyahoga and much less than one-third that of Hamilton county. The republicans gained three congressmen by carrying all of the congressional districts except the Fourth, in which Harvey C. Garber was re-elected by 1,600, or less than one-third the usual democratic plurality of that district. The only close contest was in the election of Dawes, rep., over Schneider, dem., in the 15th district, which as constituted now was never lost by the republicans. Dawes secured the nomination after a bitter contest, after which his opponents for the nomination carried the fight to the polls. It is noted that

the largest republican gains came from the mining and laboring districts, although all of the 88 counties showed such gains, except Pike county, which had a democratic gain of 26.

Cleveland, O., Nov. 10.—Cleveland city and Cuyahoga county complete give Roosevelt 57,272, Parker 23,298, Roosevelt's plurality being 34,064, the largest evergiven a candidate for an electoral office in this county. R. C. Wright, for county auditor, was the only democrat elected on the county ticket.

INDIANA.

INDIANA.

Indianapolis, Nov. 10.—The latest returns from over the state have not changed materially the earlier estimates of the plurality for the republican ticket. Republican State Chairman James P. Goodrich is persistent in his prediction that 75,000 plurality for Roosevelt is conservative. Returns from the legislative districts indicate that the republicans will have a majority of 100 in the legislature, which will this year elect two United States senators to succeed Charles W. Fairbanks, vice president-elect, and Albrt J. Beveridge.

KENTUCKY.

Louisville, Nov. 10.—Returns from the precincts in the state are coming in with unprecedented slowness. In Warren county five precincts are missing and it is estimated that these will swell Richardson's majority to 400. In this (Fifth) district Sherley's majority over Owens for congress is 1,323 and Parker's plurality in the district in 793. Latest returns from the Ninth district indicate that Kehoe has been elected to congress by between 500 and 600 majority. The latest figures in the other congressional districts are as follows:

and 600 majority. The latest figures in the other congressional districts are as follows:

First District—Ollie M. James, dem., plurality of 5,342 in 126 precincts out of 198. Second District—A. O. Stanley, dem., plurality of 4,133 in 172 precincts out of 178. Fourth District—David H. Smith, dem., plurality of 6,896 in 185 precincts out of 196. Sixth District—Joseph L. Rhinoek, dem., plurality of 2,516 in 141 precincts out of 178. The 37 missing precincts are in Kenton and Campbell counties. Seventh District—South Trimble, dem., plurality of 7,356, with two missing precincts. Eighth District—G. G. Gilbert, dem., plurality of 2,272, with four missing precincts. Eleventh District—D. C. Edwards, rep., plurality of 7,332, with 118 precincts missing out of a total of 244, all republican counties.

counties.

Returns from 1,734 precints out of 2,035 in the state give Parker a plurality of 21,420. Many of the strongly republican mountain counties are to be heard from, however, and it is not believed Parker has carried the state by over 15,000. For the first time in 12 years, in a presidential election, the democrats carried Louisville and Jefferson county.

New York, Nov. 10.—Returns from all parts of New York late Wednesday night shows that the legislature will have 102 republican assemblymen out of 150 and 35 republican senators out of 50. New York city returns at a late hour show that Parker carried Greater New York, with one election district missing, by 80,-625 votes and Brooklyn by 5.404.

The returns from counties outside the city show that Parker carried four of the 61 counties in the state, while Herrick carried six counties. The returns from the whole state show that Rôosevelt has approximately 174,000 plurality and that Higgins, rep., for governor, 80,-000 plurality.

NEBRASKA.

NEBRASKA.

Omaha, Neb., Nov. 10.—Probably complete returns will be required to determine who is elected governor of Nebraska. Outside of governor, however, the republicans have made a clean sweep on national, state, congressional and legislative tickets. For governor both sides exhibit figures which they say will substantiate their claims for the election of their respective candidates.

Fresident Roosevelt carried the state by probably 75,000. Only two congressional districts, the Second and Third, were at any time in doubt, and Wednesday's figures place them in the republican column, thus giving a solid republican delegation from Nebraska.

The legislative returns are still quite incomplete, but from figures available it is reasonably certain that both houses of the legislature will be clearly republican.

The socialist vote was a somplete surprise and affected the local tickets to a large extent, the greater defection to their ranks coming from the democrats.

Lincoln, Neb., Nov. 10.—While not conceding defeat in so many words, managers of the fusion campaigns in Lincoln

their ranks coming from the democrats.
Lincoln, Neb., Nov. 10.—While not conceding defeat in so many words, managers of the fusion campaign in Lincoln admitted Wednesday night that on the face of the returns the republicans had carried everything, including the head of the state ticket, which was the only office in serious doubt. No figures are offered at fusion headquarters, but figures elsewhere indicated that Gov. Mickey, who is low man on the ticket, will have a plurality of not less than 9,000. The next legislature will probably stand:
Senate—Republican, 32: fusionists, 1.
House—Republicans, 78; fusionists, 22.

ILLINOIS.

Chicago, Nov. 10.—The returns from the state outside of Chicago have come in slowly. The figures Wednesday night showed that Roosevelt has carried the state by over 290,000, the exact number, with quite a number of districts yet to hear from, being 292,245. The plurality of Deneen, for governor, is placed at 274,000.

of Deneen, for governor, is placed at 274,000.

Roosevelt carried the city of Chicago by 107,229 and the county of Cook outside of the city by 16,182, making his total plurality in Cook county 123,411. In 1900, 42 out of 102 counties in the state went democratic by 21,716. This year the same counties show a republican plurality of 4,675, 22 of them going republican and the remaining 20 reducing their democratic pluralities almost to nothing. Calhoun county went for Roosevelt by a plurality of one vote. The republicans have made heavy gains in the state legislature and will have a majority of 60 on joint made heavy gains in the state legislature and will have a majority of 60 on joint ballot. In congress Illinois has gained six congressmen, the democrats retaining but two districts in the state. The two democratic congressmen will be Henry T. Rainey, in the 20th district, and Martin D. Foster, in the 23d.

WISCONSIN.

Milwaukee, Nov. 10.—The result of the election in Wisconsin shows that Roosevelt ran ahead of every ticket and carried the state by a plurality estimated at between 60,000 and 75,000; that Gov. La-Follette has been re-elected by a plurality of about 50,000 and that the congressional complexion remains unchanged from two years ago. The legislature, which is to elect a United States senator to succeed Joseph V. Quarles, is largely republican, and the question of whether Wisconsin shall have a primary election law has carried by a safe majority. One of the surprises in the election was the big increase in the vote of the social democratic party. Four years ago that party polled 4,458 votes in Milwaukee county; two years ago 10,704 and in this election 18,120. The social democrats elected four assemblymen and one senator to the legislature.

MINNESOTA.

St. Paul, Minn., Nov. 10.—When all the returns shall have been received, it is claimed now, that Roosevelt's majority will run close to 125,000, if not more. An estimate made Wednesday from incomplete returns indicates 109,000 majority. The republicans elected the entire nine congressmen without a shadow of doubt and the rest of the state ticket, including a state legislature, which is strongly republican on joint ballot.

John A. Johnson, dem., and Ray W. Jones, rep., were elected governor and lieutenant governor respectively. There is no doubt as to Johnson's election and the only matter of speculation is the size of his majority over Robert C. Dunn, the republican candidate. Returns from 50 of the 84 counties in the state received Wednesday by the Dispatch indicate a majority of 9,294 and further figures were received to indicate that those not heard from would raise the total over 15,000. Of this total Minneapolis and Hennepin county furnished 5,100 and St. Paul and Ramsey county gave 1,320.

The election of a democratic governor

for president and the head of the state ticket were: Rosevelt, 254,552; Parker, 168,273; plurality for Réosevelt, 86,373. For governor: Douglas, dem., 234,311; Bates, rep.. 198,601; Douglas' plurality, 35,710. Both the total vote of the two parties and the republican plurality for presidential electors are the largest ever returned in the state. The margin for Rosevelt exceeds by nearly 5,000 the then unprecedented plurality given McKinley in 1900. With the exception of Gov. Bates, the republican state ticket was elected by substantial pluralities. The legislature is overwhelmingly republican.

MARYLAND.

MARYLAND.

Baltimore, Nov. 10.—On the face of the unofficial returns of the votes east on Tuesday received here up to a late hour Wednesday night, Maryland is republican on the presidential ticket by a small majority. An official count may be required to decide the result. Three republican congressmen, Frank C. Wachter, Sydny E. Mudd and George A. Pearre, surely re-elected by material majorities. Three democrats, Thomas A. Smith, J. F. C. Talbot, re-elected, and John Gill, were returned, elected. Congressman W. H. Jackson, rep., of the First district, claims that frauds or trick ballots were used in the district, and while he admits that the count of the ballots show that Smith was elected, says that he will contest the seat before the house of representatives.

DELAWARE.

Wilmington, Del., Nov. 10.—Complete but unofficial returns give Roosevelt a plurality of 4,100 in Delaware. Preston Lea, the republican compromise candidate for governor, carried the state by a plurality of 2,800 and the remainder of the republican compromise state ticket has a majority ranging from 3,700 to 3,-800. Dr. Joseph H. Chandler, independent republican, polled about 800 votes, which accounts for Lea's reduced plurality. Hiram R. Burton, rep, who succeeds Henry 'A. Houston, dem., in congress, received a plurality of 3,800.

The indications at present are that the next Delaware legislature will again be deadlocked on the question of electing a United States senator to succeed Senator Ball, whose term expires March 4.

cublican and the legislature is overwhel-mingly republican, insuring the re-elec-tion of United States Senator J. C. Bur-rows. Fred M. Warner, republican can-didate for governor, was generally con-ceded a majority of about 35,000, while Roosevelt and Fairbank's majority was simply described generally as over 100,000. Detroit has given the republican national ticket a majority of 10,000 or over. Gov. LaFollette was re-elected by a good majority. good majority.

OREGON.

Portland, Nov. 10.—Roosevelt's plurality in Oregon will exceed 40,000, and may attain the remarkable figure of 45,000. The republicans carried every county in the state, whereas in 1900 Bryan carried five counties. The total vote cast will exceed 87,000, of which Parker received about 15,000, and the other candidates for the presidency, the balance. Debs made an amazing run in this state, in some sections passing Parker. The socialist party polled over 7,000 votes.

CALIFORNIA.

CALIFORNIA.

San Francisco, Nov. 10.—Roosevelt's plurality in this state will exceed 100,000. In this city alone it is 21,833 and in the 1,627 interior precincts so far as heard from it amounts to 83,300, making a total of 105,141. The full delegration of eight congressmen will be republican and an overwhelming republican majority in the legislature insures the election of a republican successor to Senator Bard. In this city Debs received 7,231 votes and Swallow 330.

NEW HAMPSHIRE.

Concord, Nov. 10.—Election returns for New Hampshire are now complete, with the exception of 25 towns and wards. These give Roosevelt a plurality of 20,642. Estimating the missing towns and wards on the basis of the vote of 1900, Roosevelt's plurality would be 22,615. McLane, rep., for governor, has a plurality of about 16,700. The republicans have elect-ed 20 of the 24 state senators and 285 rep-resentatives out of the total of 395.

United States senator to succeed Senator Ball, whose term expires March 4.

COLORADO.

Denver, Col., Nov. 10.—Roosevelt's plurality in Colorado has been increased by later returns and may run above 15,000. Republicans and democrats claim the election of governor and congressman-atlarge, and the republicans threaten to contest the state election on grounds of alleged frauds in Denver. On the face of nearly complete returns, Adams has carried Denver county by 4,500 plurality

Newark, N. J., Nov. 9.—New Jersey was carried by the republicans by a bigger majority than even the most sanguine of the republican predictions claim-ed. The state gave in the neighborhood of 60,000 for Roosevelt, exceeding McKinley's majority four years ago by 3,000 or more. Despite a local issue which was used against him and which caused him to be cut severely in some parts of this state, Edward S. Stokes, the republican nominee for governor, defeated his democratic opponent, Charles C. Black, by more than 20,000. Eight republicans and

and he appears to have a safe lead over Peabody without this county. According to the returns in the Times Adams' plurality in the state is a little over 10,000. The Times concedes that the result is in doubt as to the other state offices, but claims the legislature to be democratic in both branches.

RHODE ISLAND.

Providence, Nov. 10.—Complete state re-turns show that in Tuesday's election President Roosevelt received the largest vote ever cast in Rhode Island, and his vote ever cast in Knode Island, and his plurality of 16,000 is greater, with the exception of that of 1896, than any presidential candidate ever was given before. Lieut. Gov. Geo. H. Utter, rep., who succeeds L. F. C. Garvin, dem., candidate for a third term, had but 594 plurality term his convenent. Gov. Carving carried over his opponent. Gov. Garvin carried every city in the state, but was defeated in the country districts. The republicans elected all the general offices by generous margins, and the next general assembly will stand 23 democrats and 89 republicans in joint ballot.

WEST VIRGINIA.

WEST VIRGINIA.

Wheeling, Nov. 10.—The republican victory in West Virginia is complete. Roosevelt's plurality over Parker is between 20,000 and 25,000, and may exceed these figures. Dawson is elected governor by a plurality probably exceeding 4,000. All figures. Dawson is elected governor by a plurality probably exceeding 4,000. All five of the republican congressional nominees are successful. The legislature will be republican in both branches, without taking into consideration the hold-over senators. With several counties in doubt, there are 52 republicans elected to the there are 52 republicans elected to the house of delegates and 27 democrats. To the senate 11 republicans are elected, 2 democrats without doubt, and probably 2 others in the Seventh and Ninth districts.

WASHINGTON.

WASHINGTON.

Seattle. Wash., Nov. 10.—Complete returns from one-fourth of all the precincts in the state of Washington and incomplete returns from most of the others show that the Roosevelt electors have carried this state by over 30,000 votes. Albert E. Mead, rep., is elected governor over George Turner, dem., by between 5,00 and 7,000 votes. Charles E. Coon, rep., is elected lieutenant governor by fully 14,000 votes. Every other candidate on the republican state ticket is elected by from 15,000 to 20,000 except Humphrey Jones and Cushman for congress, whose majorities will be higher. The next legislature will be very strongly republican.

UTAH.

Salt Lake City, Nov. 10.—About one-third of the voting precincts of the state give Roosevelt 27,381, Parker 15,992, Debs 1,509. The precincts reported include many of the heavy republican districts, but so uniform has been the gain for Roosevelt that it is now evident his plurality in the state will be far in excess of first estimates. Not half of the voting districts of Salt Lake county have been heard from. Republican Chairman Spry Wednesday claimed the election of the entire republican legislature and the election of the Salt Lake county ticket.

MISSOURL.

Kansas City, Nov. 10:—The Star (independent) says: Roosevelt has carried Missouri by 10,000 to 15,000. The only democratic state candidate elected is Folk, for governor, who made a remarkable race against the Roosevelt landslide. His plurality will be about 25,000. The legislature is in doubt with chances favoring a republican body to select Senator Cockrell's successor. Republican congressmen have been elected in the Third, Fourth, Fifth, Tenth and Fifteenth districts.

MICHIGAN.

Detroit, Nov. 9.—Michigan was the scene of a veritable republican landslide. Roosevelt and Fairbanks have carried the state by an unprecedented majority, variously estimated at from 100,000 to 150,000. Fred M. Warner and the republican state ticket are elected; at least 11 of the 12 congressmen from Michigan are re-

two democrats will constitute the state's cratic candidates for congress congress delegation, a gain of one for the republicans.

Des Moines, Nov. 9.—Returns from 310 precincts show a republican gain over 1900 of 19 votes to a precinct. If this gain be estimated throughout the 2.113 precincts the plurality for Roosevelt will be 139,456. The entire republican state ticket is elected by pluralities that will fall but little below the head of the ticket. The overwhelming republican pluralities break all previous records in lowa. It is said to be due in a large measure to the Bryan democrats, who are known to have voted for Roosevelt in large numbers.

Returns are slowly coming in, but the indications, on well distributed returns, are that Roosevelt's plurality will be 125.000 and the entire state ticket will have about the same number. Republicans elect 10 congressmen, with the chance that the Second district, which is in doubt, will go republican. Des Moines, Nov. 9 .- Returns from 316

NEVADA.

Reno, Nov. 10.—Returns from this state are still incomplete. Out of 176 precincts only 78 have been heard from. The last only is have been heard from. The last estimate of Roosevelt's plurality is about 2,000. The congressional fight is still in doubt, with Yearington, rep., leading Van Duser, dem., by 145 in the precincts heard from. Eoth parties claim the legislature, but the most conservative democrats concede it to the republicans by about two votes. votes.

GEORGIA.

Atlanta, Nov. 10.—Returns from 108 out of 137 counties in Georgia give the democratic electors a total of 68,689; republican electors, 18,006, and populist electors, 16,889. With 29 counties still to be heard from, the Constitution estimates Parker's plurality at about 65,000, which is much larger than was expected. All 11 democratic congressmen were elected.

MAINE.

Portland, Me., Nov. 10.—Practically complete returns gave the republican presidential electors in Maine a plurality of 37,500. The plurality of 1900 was 28,600. In 465 of the 519 cities, towns and plantations President Roosevelt received 64,-334 votes and Parker 27,268. This was a net republican gain of 8,848 over four years ago.

KANSAS.

Tepeka, Kan., Nov. 9.—At 2:30 o'clock Wednesday morning returns at hand show that Roosevelt has carried Kansas by a majority closely approaching 100,000. E. W. Hoch is elected governor by the republicans by a plurality of 55,000 or more. T. T. Kelly, republican candidate for state treasurer, will receive a plurality of 12,000. The legislature, which may have to elect a United States senator, will be overwhelmingly republican. The eight members of congress from this state are all republicans.

VIRGINIA

Richmond, Va., Nov. 9.—The election in Virginia was absolutely without disturbance so far as has been heard. The democratic majority on the presidential ticket will be about 25,000. Nine congressment out of a total of ten have been chosen. Slemp, the republican incumbent in the Ninth district, apparently re-elected by a majority of about 1.200.

Richmond, Nov. 10.—Actual and estimated returns give Parker about 27,000 majority in the state. The Ninth district is the only one carried by the republicans.

Little Rock. Nov. 9.—The Gazette's advices from all parts of the state bear out the estimates of a plurality of 40,000 for Parker and Dayls electors. Each of the seven congressional districts is democratic by majorities ranging from 4,000 to 6,000. The total vote will fall short that

cast at the state election in September, on account of apathy in some of the counties.

CONNECTICUT.

New Haven, Ct., Nov. 10.—Revised returns from every city and town give Roosevelt a plurality of 39,000. Lieut. Gov. Roberts, the republican candidate for governor, led Judge Robertson, his opponent, by 25,971. The four re-elected republican congressmen each had pluralities which the most confident never expected to see. The legislature is overwhelmingly republican.

MISSISSIPPI.

Jackson, Miss., Nov. 9.—Returns thus far received show that between 60,000 and 75,000 votes were cast and the opposition to the democratic party will poll between 10,000 and 11,000. The democratic majority for Parker and Davis will be in the neighborhood of 50,000. Mississippi returns eight democratic congressmen.

NORTH CAROLINA.

Raleigh, N. C., Nov. 9.—There is hardly any doubt but that all ten democratic congressmen have been elected. Only the two mountain districts are in doubt, the Eighth and the Tenth. These, the republicans do not concede, and it will take a day to know absolutely. The democratic majority in the state appears to be about 50,000. PENNSYLVANIA.

PENNSYLVANIA.

Philadelphia, Nov. 10.—Complete returns from 55 of the 67 counties in Pennsylvania and estimates of the total in the remaining 12 counties show that Roosevelt had 824,907 votes, Parker 339,455, a plurality for Roosevelt of 485,412. The official count will undoubtedly increase Roosevelt's plurality to 490,000, and possibly more.

LOUISIANA.

New Orleans, Nov. 10.—Louisiana's plurality for the national democratic ticket is about 35,000. The plurality in this cit will only be about 14,000, owing to the independent ticket being large and complicated, and many did not vote the national ticket at all.

MONTANA.

Butte, Nov. 10.—Roosevelt has carried Montana by 7,200. Gov. Tole, dem., has been re-elected by about 800. The majority of the state republican ticket is elected, and the next legislature, which is to elect a successor to United States Senator Gibson, will be overwhelmingly republican.

VERMONT.

White River Junction, Nov. 9.—The result of the national election in this state was as anticipated by the republicans, Roosevelt carrying the state by nearly 31,000 plurality. The only question before the voters was the selection of presidential voters.

ALABAMA.

Montgomery, Nov. 10.—Telegrams to the Advertiser from the Seventh district confirm the re-election of Congressman Burnett, dem., by 2,000 majority. One county in the district (Winston) went for Powell, fusion, by 100 majority. The plurality of Parker and Davis is about 75,000.

WYOMING.

Cheyenne, Wyo., Nov. 9.—Partial returns indicate that Roosevelt has carried Wyoming by 7,000 majority, and the election of Mondell, rep., to congress, and Brooks, rep., for governor, and the remander of the state ticket is certain. SOUTH CAROLINA.

Columbia, S. C., Nov. 9.—Parker has carried South Carolina by not less than 40,000 plurality. The democratic state ticket has been elected without opposition. The state legislature is unanimously democratic.

TEXAS. Austin, Tex., Nov. 9.—Early returns show that the vote cast Tuesday will hardly exceed 375,000, of which 250,000 were cast for Parker, 60,000 for Roosevek and the balance scattering.

FLORIDA. Jacksonville, Nov. 9.—The few scattered returns so far received indicate the usual democratic majorities. The demo-

SOUTH DAKOTA.

Sloux Falls, S. D., Nov. 9.—Senator Kittredge claims that Roosevelt has carried South Dakota by 40,000 and Chairman Crane, of the republican state central committee, puts the figures at 50,000. IDAHO.

Boise, Idaho, Nov. 9.—Roosevelt is conceded to have carried the state by a heavy majority. Gooding, rep., for governor, runs slightly behind Roosevelt.

NORTH DAKOTA

Grand Forks, N. D., Nov. 9.—State returns are coming in very slowly so far, a normal vote is indicated with 25,000 majority for Roosevelt. TENNESSEE.

Nashville, Tenn., Nov. 9.—The vote in Tennessee has been light. Early returns indicate an estimated democratic plural-ity of 15,000.

ARIZONA. Phoenix, Nov. 10.—The election of Smith, dem., for congress, is conceded by at least 506. The legislature will be democratic by probably two-thirds.

The President's Statement.

Washington, Nov. 10.—The president said Wednesday he felt that his announcement that he would not accept another nomination would prevent, during the next four years, any misinterpretation of his actions, personal or official.

Chicago, Nov. 10.-Next to President Roosevelt's record-breaking vote, the socialist poll for Eugene V. Debs was a feature of the election in Chicago. Mr. Debs polled a total of 41,-595 votes in the city, against 5.115 cast for him in 1900.

Socialist Vote in Chicago.

The Socialist Party Vote.

New York, Nov. 10.-William Mailly, national secretary of the socialist party, wires to a local newspaper that incomplete returns justify an estimate of 600,000 votes cast for Debs and Hanford on Tuesday. He says Illinois leads with 75,000 votes.

A Continual Strain.

LEXINGTON, KY.,

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendants evils of constipation, with the attendants evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and event-nally dispels the physical or mental dis-tress caused by that "continual strain." Facts and Figures.

A comparison of the vote on Tuesday demonstrates beyond a doubt what was doing in Paris on registration day by certain politicians registering negroes and white Republicans as Democrats so they could participate in coming primary. This, we Democratic party is a white man's party, and we do not want this illegal voting in our primary by Republicans. The people should by their votes teach these politicians that such tactics will not go in Bourbon county, and every man that these

in Paris No. 2, registered as Democrats, 56-in, Sable Fox Scarfs, Pelerine shape. \$10 and the same parties are registered in Covington as Republicans. This is a known fact and good Democrats are to be beaten in a Democratic primary by weakkneed Democrats by this method. We protest, and insist that the officers of election let no man vote unless he is a 'known Democrat," as the call for the primary states. The public can have an idea what is going to be attempted next Tuesday by the following compari-

The registration books show that in Paris No. 1, 144 Democrats registered; in No. 2, 257; in No. 3, 142; in No. 4, 191; in No. 5, 129; in No. 6, 59. Total number of registered Democrats 912.

The vote at the regular election shows that in No. 1, 129 Democrats voted; in No. 2, 190; in No. 3, 123; in No. 4, 167; in No. 5, 117; in No. 6, 49. Total Democratic vote 775.

The above figures show a falling off in the vote on Tuesday of 137 Democratic votes that were so registered. On rhe face of it you can easily see what may be expected on Tuesday next.

It remains to be seen if the Democratic voters of Bourbon will stand for this kind of business and we do not believe for a minute they will.

It's All Over.

We have met the enemy and we are theirs. Explanations can be had without demand from self-constituted Statesmen and students of political events that are to be found at every street corner and cross roads, but explanations do not change results. The people were asked to choose and they accepted the invitation in a manner that leaves no question as to their choice. It is too early to probe after causes, for the effects are sufficient for the Mrs. C. M. Best went to St. Joseph Hospital Thursday, for a few days' treatmajority, and the State of Kentucky stands on the Democratic side of the slate.

We fear that the next four years will not be years of uninterrupted peace. There is danger that the overwhelming victory which President Roosevelt has won will seem to him an endorsement of his aggressive, and not always wise, foreign policy, and he may be led to excesses that may cause difficulties.

It may be, on the other hand, that the sense of responsibility and the damages that have been pointed out during this canvass will sober him and that he will come up to the full standard his friends have set for him. At any rate, we are all Americans, the country is prosperous, the ordinary affairs of life will continue and for the day that is enough. We are able to stand the result if the rest of the country can stand it-the four years till a Democrat will be elected - will pass quickly.

STANDARD OIL CO. SUED. Cadwallader M. Raymond Wants \$50,-000,000 Damages.

Boston, Nov. 8 .- The suit for \$50,-100,000 brought by Elizabeth T. Greenough, of New York, against Henry H. Rogers, of the Standard Oil Co., which was dismissed by agreement of the parties on September 24 last, was reentered Monday in the supreme court. The new suit is entered under the name Cadwallader M. Raymond vs. Henry H. Rogers et al., the damages being set at \$50,000,000 as before. The parties at interest are the same as in the previous suit, the claim being assigned to C. M. Raymond, a friend of Mrs. Greenough. Alfred Hemmenway, of Boston, accepted service on behalf of Mr. Rogers.

Mrs. Greenough is administratrix of the estate of her husband, Benjamin F. Greenough, an inventor, and seeks to recovery royalties on the use of a secret process for treating petroleum to make it non-explosive.

HOISTING ENGINEERS.

President of the Union Declares Their Strike Off.

Springfield, Ill., Nov. 8.—In an order issued Monday afternoon Mack Taylor, president of the Hoisting Engineers' Union of Illinois, declares the strike of the hoisting engineers off, in obedience to a referendum vote which resulted 750 to 315 in favor of returning to work.

The question of joining the United Mine Workers of America will be submitted to a referendum vote, but there s little doubt that the engineers will decide to join the larger organization. The engineers return to work at a scale of 51/2 per cent. less than what they received last year. None of them will be discriminated against by the operators because of having struck. Mines will probably re-open on Wednesday.

SUIT AGAINST ARMOUR.

Damages to the Amount of \$1,200,000 Asked For.

Boston, Nov. 8 .- A suit for \$1,200. 000 damages against J. Ogden Armour of Chicago, was entered in the supreme court of Massachusetts by Jas. C. Melvin, of Boston; James D. THE CUBAN CONGRESS.

Winter Session of That Body Opened Promisingly.

The Members of the Minority Party Occupied Their Seats in Full Force-President Palma's Message Read.

Havana, Nov. 8.—The winter session of congress opened Monday promisingly. In sharp contrast to the rows and disinclination to legislate which characterized the summer session, the members of the minority party occupied their seats in full force. Nationalist leaders have informed a press representative that it is not their intention to pursue their former obstructive tactics. There were less than half a dozen absentees in each house, and the proceedings were characterized by friendliness.

In his message President Palma, after a lengthy review of the condition of the republic, outlined leading matters requiring action by congress. The message made no reference to the political situation. In mentioning the progress that has been made in paying off the 50 per cent. of what is due the veterans, the total amounting to \$28,500,000, President Palma asked congress to decide in what manner the remaining half should be raised or to suggest other mode of settlement. The president called attention to the fact that the Platt amendment would not permit Cuba to incur debt unless the ordinary receipts of the treasury were sufficient to pay off the sinking fund and interest, adding that as the present sources above the ordinary expenses are practically absorbed by the first loan, Cuba can not create a new loan except through increasing taxes. He suggested that the difficulty might be obviated by the creation of a perpetual debt bearing interest at 3 per cent. per annum, which the government could be authorized to sink after 25 years or to liquidate sooner if the means became availa-

NEW EVOLUTION THEORY.

Scientist Who Disputes Darwin Idea Tells of Important Discoveries in Plant Life.

Professor Hugo de Vries, director of the Botanical Gardens, Amsterdam, and scientist who disputes Darwin's theory of the "origin of species," explained his views at length at the New York Botanical Garden recently.

Prof. De Vries differs with Darwin in asserting that a new species of plant may be seen to develop at once from the parent plant, while Darwin's theory demands many generations, marked by innumerable minor differences and years

Prof. De Yries bases his conclusions upon actual experiment, and although his earlier investigations covered a wide field, his best and most conclusive results were obtained through careful culture and observation of the evening primrose. Twelve new species derived from the original varieties were described at length by Prof. De Vries, and their differences were further illustrated by colored plates and lantern slides.

Dr. De Vries's discoveries have led to the establishment of a laboratory at Cold Spring Harbor, where the investigation of evolution in both the plant and animal kingdoms will be conducted for at least half a century at the expense of the Carnegie institution. Experiments conducted by Dr. D. T. MacDougal at the New York Botanical Garden since Prof. De Vries presented the results of his researches to the world of science have already confirmed several important features of Dr. De Vries's discoveries.

REVIVES: THEN DIES AGAIN

After Being Pronounced Dead Man Comes to Life, Creates Terror and Expires.

Given up by a physician as dead, Frank McCormick, of Guttenburg, N. Y., returned to life just as an undertaker called to embalm his body. Then, after ordering the undertaker away, McCormick was seized with another attack of the ailment which had first prostrated him. and died within a few minutes.

Word was again sent to the undertaker, who lives in New York, but he refused to respond.

McCormick had been ill several days with a severe attack of dysentery. A doctor who was summoned worked over him for several hours, and then turning to those about the man's bedside, said that McCormick was dead.

A death watch was set beside McCormick's bed. The men at the bedside had already begun their vigil when the supposed dead man suddenly moved and groaned. The watchers fled and summoned the physician, but while they were waiting for him the undertaker arrived. He insisted upon seeing McCormick, and

HIS NAME IN GOOD BOOK.

Indiana Man Had Been Heard Of Even in the Wilds of Colorado.

"Because my name is Lord, I frequently have not a few funny experiences," said J. G. Lord, of Muncie, Ind., according to the Louisville Herald. "One of the most amusing incidents I ever had by reason of my name happened while I was driving from town to town in Colorada. reason of my name happened while I was driving from town to town in Colorade. While on the road one day, driving very slowly, for I had plenty of time, I chanced to notice by the roadside a young fellow about 16 years old, dressed in as ragged a fashion as anyone you could ever conceive of. He had on a pair of his father's wornout trousers, which were cut off at the bottom, and which extended far up on his body, almost to his shoulders. More as a matter of personal amusement than for any other reason, I asked him how far it was to the next town. it was to the next town.

ASKED A PERSONAL FAVOR. Lawyer Wanted Judge to Relieve Him of a Somewhat Danger-

ous Duty.

One of the most picturesque figures of the New York bar was the late Thomas Nolan, New York bar was the late Thomas Nolan, a lawyer, whose witty retorts furnished subjects for merriment at many a lawyers' gathering. Now, Nolan was at one time counsel for a poor widow who was suing a construction company for the death of her husband, relates Success. The case had been placed upon the "day calendar," but had been frequently postupped and Mrs. had been frequently postponed, and Mrs. Moriarity, by the time she had made her fifth call, was in an exceedingly disturbed frame of mind, consequently the tones of Nolan's rich brogue were more than usually fervid as he fought against the sixth adjustment.

Santa Fe Engines at World's Fair.

All the world loves a locomotive. There is something lifelike about the iron mon-ster that whisks us at a mile a minute pace across the country. It seems to be a person, not a thing. The crowds who have been recently watching the test of Santa Fe engnie No. 507 (a Baldwin of 175 tons weight) in Machinery Hall, World's Fair grounds, St. Louis, will testify to fascination unexplainable. Not merely the size, nor the wheels going around, nor the throbbing steam—but all these and more. The engineer at the throttle and the fireman at the furnace

door share the general admiration.

The test showed conclusively that the prairie type used by the Santa Fe in hauling its fastest passenger flyers represents the best achievement of modern engine

a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did. "For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—MISS ROSE NORA HENNESSY, 410 S. Broadway, Lexington. Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"Dear Mrs. Pinkham: - About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked.

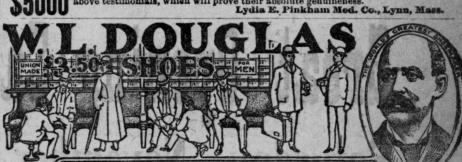

"You cannot realize how pleased I was, and after taking the medi-

cine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, MISS PEARL ACKERS, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help ma." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemmorages, caused by ulcerations of the stomach. I had often found Electric Bitters excellent for acute stomach and liver toubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indiges-tion, constipation and kidney troubles.

A very unflattering description of Benjamin Franklin's wife is taken from the diary of Daniel Fisher, who was Franklin's secretary for a short time. "She sat on the floor at a neighbor's. She assumed the airs of extraordinary freedom and great humility, lamented heavily the misfortunes of those who are unhappily infected with a too tender or benevolent disposition, said she believed all the world claimed the privilege of troubling her pappyso she usually calls Mr. Franklin-with their calamities and distress, giving us Cars leave Lexington for Paris every hour from 6 am. to 7 pm. and at 9 and 11 pm. their calamities and distress, giving us a general history of many such wretches and their impertinent applications." He mentions "the turbulence and jeal-ousy and pride of her disposition" and the violence of her invectives. Pointing to Franklin's son one day, she exclaimed, "There goes the greatest villain upon earth!"

see a long row of books in a neat and Subscription by mail, post paid, 50c per uniform binding, like soldiers on paviduality. As you glance over your books upon their shelves it is pleasant to recognize them from their outward dress. They keep themselves better in mind if each one is not exactly like its neighbors. You are even likely to forget what you have if you cannot know them from across the room.

We often go to the bookcase looking simply for "something to read," and then it is an advantage to know each book at the first glance. Of course this does not apply so strongly to the works of a single author. These belong in a uniform, and you know what is among them.-St. Nicholas.

Flirting In Japan.

A Japanese woman flirts-as far as she knows the meaning of the wordwith her sleeves and fan and not with her eyes and smiles. By the different movements of the ends of her kimono sleeves she manages to convey to her admirers all sorts of unspoken messages, and by the opening and shutting of her fan to the right or to the left weighty offers. Her code signaling with her sleeves and fan is quite an item of her social education.

French Soldiers' Handkerchiefs. The cotton handkerchiefs provided for French soldiers have printed upon them a number of sanitary precepts to be observed on the march and during a campaign and are further decorated with medallions containing pictures of officers of all grades, the different uniforms being so distinctly portrayed that a French private can tell at a glance to what grade any officer he may see belongs.

Well She Might.

An old German historian of Tubingen describes an attack by the French in 1674 during which eighteen persons were killed by the exploding of a mine. A soldier's wife was thrown the distance of an acre. She was not hurt, the chronicler adds quaintly, "but she scolded terribly and was in a very bad humor."
